

Dutchess Community College Safety Committee Purpose Statement

To promote, contribute and enhance all aspects of safety, security and health on the campus by developing plans, programs and recommendations for improvement based on the appraisal of known, potential and anticipated hazards.

To assist in prioritization and evaluation of administrative services in providing a safe environment that meets the needs of students, faculty and staff.

Goals

To support and recommend safety programs that will assist faculty, staff and students in achieving excellence in teaching and learning

To promote the proactive involvement of faculty, staff and students in safety matters through communication, education and shared decision making

To identify and recommend technology to enhance safety program in the most efficient manner
